

# **Wish Granting Organizations and or Programs**

## **Child with Life-threatening Medical Condition, Illness, Disorder**

### **Kids Wish Network**

*Program:* Grants wishes to children between the ages of 3 and 18 who are in the fight of their lives, battling a life threatening medical condition. We tailor each and every wish especially for each child

*Website:* <http://kidswishnetwork.org/>

### **Hope Kids**

*Program:* Hope is a powerful medicine, most of us cannot imagine the costs, fears, emotions and isolation that hospital stays and surgeries impose on families. Parents often become overwhelmed with treatment and finances. Siblings can experience confusion, fear, and resentment as normal life activities and parental attentions are replaced with a difficult medical journey.

HopeKids hosts highly-anticipated, free, fun events for families who have a child with a life--threatening medical condition. From live entertainment to private movie screenings and amusement parks to sporting events, we offer a wide variety of activities for the whole family. We want to keep children and their families focused on the future rather than dwelling on what they are dealing with now (i.e. needle pokes, chemotherapy, blood transfusions and other painful experiences.)
